

SUMMER PROGRAMME

The **ISA Summer Programme** will run from **June 18th to July 19th** and is designed for both English and Non-English speakers. The students are placed according to age level.

This Year's theme is

“There's a rumble in Animal Kingdom”

An enthusiastic group of teachers have created an enriched programme to facilitate the students in building their knowledge of the English language as well as their confidence in speaking, writing, listening and reading. The topic we will focus on this year is “**Endangered Animals**”; The world's most endangered species; How to become an endangered animal; What are the biggest threats to endangered species; How can we protect endangered species.

The weekly schedule includes **Language Arts, Computers, Drama, Gross Motor Activities, Arts and Crafts**. The athletics department is responsible for organizing group sports. The schedule also allows for a weekly beach trip to “**Vrachos Beach**” in Keratea.

Fridays will be special days. The students will go on a variety of field trips; **OAKA, Adventure Park, Parnitha and the Zoo**. During their hike on Mt. Parnitha, organized by Trekking Hellas, the students will cooperate in small groups to solve puzzles related to our theme. At OAKA they will have the opportunity to participate in a variety of sports activities. On the third Friday of the programme, the students will go to Adventure Park. This is a recreational area in the forest where activities associated with nature are organized. On the last day of the programme the teachers will organize a **Fun Day** with water games at school.
