

ATL skills–what are they?

- Approaches to Learning–
- Set of 5 skill groups:
 - social skills –(ability to work well with others, collaboration)
 - communication –(exchanging thoughts through interaction, writing)
 - self–management– (organization, affective skills, reflection)
 - research –(information literacy and media literacy)
 - thinking skills–(critical thinking / creative thinking / transfer skills)

ATL and Learner Profile

- There is a distinct **connection** between ATL skills and the **Learner profile**, and ATL skills are meant to be cultivated in order to promote the Learner Profile attributes.
- **Approaches to learning skills can be learned and taught, improved with practice and developed.**
